

Stephen Ministry Weekly Prayer Request Newsletter – November 22, 2025

Judy Ross – Judy passed away this week. Please pray for peace and comfort for Steve and their family. Her service is planned for Tuesday of next week at 11:00 a.m.

Donna Shriver – Donna is scheduled to have a mastectomy on her left breast on December 5th. On the 4th she will have a sentinel node biopsy. Whether or not the node shows cancer will determine if she must have radiation or not. Please pray that the node is clear and she has a successful mastectomy on the 5th. Pray also for a quick recovery.

Donna Lautzenhiser – Donna had a procedure this week on her esophagus. The procedure went well. She will be on a liquid diet for one week and then transition to soft foods until the doctor lets her know she can start eating normally. Please pray that her treatment goes well and she has complete healing from this procedure.

Both are needing prayers for miraculous healing in how well their heart pumps as well as improvement in their EF numbers. Please pray this will happen for them.

Brad Hart (husband of Tammy (Best) Hart) – Brad has been discharged from the hospital. He and Tammy have flown home. It was determined that this was a freak occurrence and is very unlikely to recur. Thank you for all your prayers.

Kevin (Becky and Steve Chessmore's son) – Kevin had an EKG this week, and praise that it was normal. He still has not received the results of wearing the heart monitor. He thinks it will take a couple of weeks to hear back on that test. Please continue to pray that it will also show no problems with his heart.

Isaac Roman – Isaac is doing so well, his doctor has released him to drive. Please pray he continues to regain his strength. They are now switching to try to figure out why he had heart failure in the first place. Please pray his improvement continues.

Cindy Wilkerson – Cindy had a rough week with a lot of water retention. They think she will be able to go to rehab this afternoon to work on strength building. Please pray this will happen quickly, and she can get back home.

Beth (Bidne) Cook – Beth had her second treatment for her neuropathy. Her feet are sensitive from the treatment, but her pain is better. She has one more treatment in 91 days. Please pray that this will be the treatment that eliminates her neuropathy and its pain.

Jennifer and infant son Jacob (friend of Christy Kiespert) – Jacob is going to be admitted to Bethany Children’s Center in Bethany for an extended stay. Please pray this will be the care that Jacob needs to flourish and for the family to get a reprieve. I know Jennifer is exhausted.

Vickie Wines (Grandmother of Chealsie Zink) – Vickie finally got the results of her scan. Most of her tumors have shrunk in size, and she is feeling okay so far this week. Chealsie will be going to visit Vickie this week. She is excited because she does not get to see her often as she lives three hours away. Prayer for traveling mercies and please continue to pray Vickie has complete remission of her cancer.

Beverly Clark – Beverly has just had another diagnosis added to all her health problems. She was diagnosed with gout in her left hand. This is very painful and is asking we pray for pain relief.

Kason (grandson of Cheryl Pavelko) – Please continue to pray for Kason to get treatment that will get rid of the additional spot on his liver. Pray for total healing.

Ginger Fenton (daughter of Dianna and Jeff Davidson) – Ginger has completed all her treatment. Thank you for all your prayers.

Dianna Davidson – Dianna sounded a little confused with some slurred speech today. This may be from medication for her UTI. However, please add this to your prayers as well as continued dialysis treatment.

Judy McMinn – Judy remains about the same. She is depressed about not having her PT started. Please pray for God's will to get her the PT or not.

Tiffany Montesano – Tiffany has had a rough week from her pancreatic symptoms. Please continue to pray for something to help her with this. Elizabeth (Jeff's Mom) is home from Baptist Rehab and is doing well. Thank you for your prayers.
