

Stephen Ministry Weekly Prayer Request Newsletter – February 28, 2026

Stacey Risinger – Please pray for Stacey’s gallbladder procedure to be successful and for a quick recovery.

Paul Moon – Please pray for Paul to have resolution of the heart issues he has been having. Pray for the right doctor to help him.

Irena Manata – Irena has developed some major health problems. Please pray these can be eliminated and she can return to good health. Pray also for her son whose current work situation has him facing a significant amount of adversity. Pray for both to have wisdom to do God’s will and not rely on their own.

Hazel Bremmer – Hazel received a good report from her doctor. He has released her to go back to work on March 16 with limits. She would like to thank everyone for their prayers.

Carol Hall – Carol thinks her doctors are going to do more testing to hopefully show that the cancer is not as bad as first thought. Please pray for patience as she awaits what her doctor has planned for her.

Jared Fenton (SIL of Jeff and Dianna Davidson) – Please continue to pray for Jared to have healing of his amputated leg and patience and comfort for the upcoming prosthesis.

Kason (grandson of Cheryl Pavelko) – Kason had another blood transfusion and that seemed to help his blood test scores. However, other tests later showed a small hole in his G.I. tract so he spent 4-5 days in the hospital. He is home now and is scheduled to return to school on Tuesday. Please pray for healing for Kason and God’s presence for all who care for him.

Tina West (family member of Joy Imel) – Tina is steadily getting better on her medication. She will return to her doctor next week. She would like to thank you for all your prayers. She is grateful.

Brandon Kilpatrick (friend of Steve Ross) – Please continue to pray for Brandon to improve with treatments and for eventual healing of his cancer.

Norma McMurtry – As always, please continue to pray for Norma as she remains in the nursing home and needs prayer for peace and comfort in her new surroundings.

Greg Tyler (friend of Loretta Wright) – Reminder to pray that when Greg returns to his doctor next week to have PET scan he will get a good report. This is really Greg’s last chance for treatment of his cancer.

Norma and Dan Boland – Norma and Dan remain about the same. Please continue praying for relief of pain for Norma and clarity of mind and relief from depression for Dan.

Beverly Clark – Unable to reach Beverly this week. Please continue to pray for Beverly for all her dental problems and other health problems.

Tony Pellegrini – Tony had another good week. He is so grateful. Pray his infusions can be completed for his cancer.

Evelyn Moore – Evelyn is going to continue on the two new medications which she has been trying for a couple of months. They seem to be helping with her pain. There are several options to try for the osteoarthritis in her spine. The options include injections, ablations or more surgery. None sound good to her, but the decision not been made yet. Pray for healing for Evelyn.

Kathi Wagner (Dot Lyon's daughter, Lory's best friend) – Continue to pray for Kathi as she takes her chemotherapy and battles cancer.

Bill Underwood – Bill has had a normal week medically. His doctor gave him medications and a brace for his tendonitis, and they have helped. He has had plumbing problems with water turn-off which is always an inconvenience. Please pray that his infusions can continue without side effects to manage his cancer.

Billy Joe Watson (friend of Wayne Barnes) – Please pray for Billy to have peace and comfort as he battles cancer and back pain without much help medically.

Sandy Rutherford – Sandy saw her cancer doctor and was told although the cancer continues to shrink, it is not totally gone. She will continue to take her cancer pills until the cancer is gone. Please pray for total remission.

Barbara Hill – Barbara is on her last round of steroids for her strep throat. It is a lot better but not totally gone. Please pray this goes completely away before she has her next chemo treatment next week.

Elmer (Barbara's friend) – Elmer had his catheter removed this week and is feeling better after that. He will return to see his surgeon on the 10th of March to find out the results of the second surgery. Please pray it is a good report.

Lief Hill (son of a friend of Wayne Barnes) – Please continue to pray for this young child to hold on until he becomes eligible for a lung transplant. Pray for his family to have peace while they wait.

Judy McMinn – Judy has really had no change, but she is hoping and praying for future change that will improve her attitude.

Tiffany Montesano – Tiffany has had an OK week. Please continue to pray that relief from her pancreatic symptoms will one day be permanent.
